Web application having features for web user includes: authentication of web user, sending SMS/Email with truck location with number, automatically searching truck location through interface given with Google Map after entering truck no. Administrator of application has panel to manage/update/delete transportation information, privilege to view/search truck etc.

Role: As a part of web development team I am responsible for:

- Creating SRS of GPS Tracking System
- Designing zero level data flow diagram
- Managing software Resources required for application development
- Managing hardware resources need to develop Tracking System
- Creating 3 Tier Architecture for web application
- Storing Data in Database send by GPS Tracker Device
- Displaying Data on map with markers on Google map
- Testing/Debugging of application with data send by GPS Tracker Device

Other Projects

Project Name: KRCI (MLA Group)

Platform: VB & Sql Server 2000

Team Size: 5

This project is for a chemical Factory, includes purchasing of raw material, generating semi-finished and finished product, and generates BOM (Bill of Material), stock valuation, with fully functional FA Module.

Role: I am responsible for interface designing, logic implementation and Reports.

Designation: Software Programmer

❖ **Client Name: Bharat Heavy Electrical Ltd. (BHEL Jagdishpur U.P)**

❖ **Technology Used:** Vb.net 2005, Sql Server 2005, Crystal Report

❖ **Project Nature:** Business Solution

❖ **Team Size:** 3 members.

❖ **Role:** Software Engineer

❖ **Project Details:**

Master Module: This system has many master forms (Item Category, Item Group, Item And Unit Master).

❖ **Account System:** This system is related to voucher entry, journal entry, trial balance, balance sheet, ledger, cash book/bank book etc.

❖ **Sale Module:** This system is related to Sale Challan , Sale Order , Sale Bill, Sale Bill Return etc.

❖ **Purchase Module:** This Module include to Purchase Order, Purchase Bill, Purchase Bill Return etc.

❖ **Store Module:** This system is related to Stock Maintenance (Stock Issue, Stock Receive) etc.

❖ **This project is running in many clients. The clients are:**

1. Bindal Paper (P) Ltd. in MuzaffarNagar (U.P)
2. Naini Tissu Paper (P) Ltd. in kashipur (Uttarakand)
3. Rayana Paper (P) Ltd. In khalilabad (U.P)
4. Suyash Paper. In Basti (U.P)
5. Tehri Paper (P) Ltd. In MuzaffarNagar (U.P)

Web Application Project .

Extra Activities in Developed Software .

Copy Paste Project.

Open Website in desktop application and trap text box position and read data (local PC) form excel file or Database and paste continuously in Open website text box automatically. Our client face a problem that Making Certificate like Income, Domicile, OBC, SC etc. in Lokvani local and feeding the details on government site (<http://bor.up.nic.in/ppsatyapan/satyapan.aspx>) our client export the data in Excel file feeding manually. Then develop this tool accordingly this tool client feeding thousands of records within 10 minutes only on Click.

❖ Thousands of records of copy pasting without human recourse with the help of this Tool.

❖ Tracking Net connection continuously process Copy Paste.

❖ Client Track itself web site textbox position.

Bulk Database Uploader Local Server to Live Server Tools.

Our client Face a problem of backing up of bulk (more than 1GB) database upload and download (local PC to Online Server and Online Server to Local PC) then develop this tool Bulk Database Up loader. Client can easily connect to Local to Live server and upload bulk data within minutes.

- ❖ Connect any database like MS-Sql server, Oracle , MySql etc.
- ❖ Monitoring upload percentage position with progress bar.
- ❖ This tool also use web service.
- ❖ Client can upload data in selected table.

Integration with SMS API, Long Code API, Short Code API in Desktop Application, Web Application.

Qualification

- ❖ Master of Computer Science (M.Sc.-IT) From AAIDU Allahabad.

Personal Detail

- ❖ **Father's Name** : Sri Abdul Rahim
- ❖ **Mother's Name** : Smt. Taslima Khatoon.
- ❖ **Date of Birth** : 13th February 1978.
- ❖ **Sex** : Male.
- ❖ **Martial Status** : Married.
- ❖ **Nationality** : Indian.
- ❖ **Passport** : Z3600944

Hobbies

- ❖ Web Surfing.
- ❖ Searching New Code on Web

Date: 19-Jan-23

Place: Noida
